

# SYED AMEEN AMJAD P

MERN Stack Developer | Full Stack Developer (React.js & Node.js)

+91 8075901168 | iamameenamee@gmail.com | syedameen.online | github.com/isyedameen | linkedin.com/in/isyedameen | Kannur, Kerala, India

## PROFESSIONAL SUMMARY

Junior MERN Stack (MongoDB, Express.js, React.js, Node.js) and Full Stack Developer with hands-on experience designing, building, and deploying full-stack web applications end-to-end. Built three full-stack projects covering e-commerce, multi-vendor booking, and portfolio platforms, using RESTful API design, JWT-based authentication with role-based access control (RBAC), and NoSQL data modeling with Mongoose and Prisma ORM. Comfortable across the stack: responsive UI with React and Tailwind CSS, backend APIs with Express, payment gateway integration (Cashfree), and CI/CD deployment to AWS EC2 via GitHub Actions. Seeking a Junior MERN/Full Stack Developer role at a product-based or SaaS company to contribute to real-world, scalable applications.

## TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js (v19), Redux Toolkit, Tailwind CSS (v3/v4), Bootstrap, React Router (v7), Axios, Framer Motion, Vite

Backend: Node.js, Express.js (v5), RESTful APIs, JWT Authentication, bcrypt, WebSockets

Database: MongoDB, Mongoose (v9), MongoDB Atlas, Prisma ORM

Tools & Platforms: Git, GitHub, GitHub Actions (CI/CD), npm, Postman, VS Code, Nodemon

Deployment: Netlify, Vercel, Render, AWS EC2 (via rsync)

Others: Cashfree Payment Gateway, Docker, Helmet, express-validator, Zod

## EDUCATION

MERN Stack Development — G TEC Computer Education, Kannur (2026)

Bachelor of Commerce (B.Com) in Co-operation — College of Commerce, Kannur (2022–2025)

Higher Secondary (XII) — Humanities — Govt Welfare HSS, Cherukunnu (2020–2022)

Secondary School (X) — CHM HSS Elayavoor, Kannur (2019–2020)

## PROJECTS

### Elegance — E-Commerce Platform

*elegance.syedameen.online — React.js, Node.js, Express.js, MongoDB, JWT, Tailwind CSS, Cashfree*

- Built a full-stack e-commerce platform with a catalog of 32 products across 4 main categories and 8 subcategories
- Developed secure JWT-based authentication with bcrypt-hashed passwords, supporting 2 user roles (Admin and User)
- Built product browsing with category filtering, wishlist management, and shopping cart functionality using React and React Router
- Integrated Cashfree Payment Gateway for secure order processing and checkout flow, completing multiple test transactions during development
- Implemented an admin dashboard with full CRUD capabilities for managing products, orders, and users
- Designed a responsive UI with Tailwind CSS, Framer Motion animations, and custom font integration via Fontsource
- Deployed the frontend on Netlify and the backend API (Express, Mongoose) on Render

### Veloura — Salon Booking Platform

*veloura.syedameen.online — React.js, Node.js, Express.js, Prisma, MongoDB, JWT, Tailwind CSS*

- Architected a role-based, multi-vendor salon booking platform with 3 user roles: Customer, Salon Owner, and Administrator
- Built around 4 major modules — salon discovery, appointment booking, role-based dashboards, and a community hub — each with supporting subpages
- Implemented JWT-based authentication and role-based access control (RBAC) across approximately 13 backend API endpoints
- Built salon discovery with search, filtering, image thumbnails, and detailed service listings
- Enabled appointment booking with real-time time-slot selection and integrated Cashfree payment processing
- Developed dashboards for each role — customers manage bookings, owners manage services and staff, admins oversee the platform
- Added AI-powered beauty recommendation suggestions and a community hub to extend engagement beyond core booking
- Automated deployment via a GitHub Actions CI/CD pipeline with build automation and rsync to AWS EC2
- Built the backend API with Express, Prisma ORM (MongoDB), Zod schema validation, and Helmet security headers

### Portfolio Website

*syedameen.online — React.js, Tailwind CSS, Vite*

- Designed and deployed a personal portfolio showcasing projects, technical skills, and professional background
- Built responsive UI components with React and Tailwind CSS, with smooth navigation
- Included a project showcase section, skills display, and contact form for recruiter engagement
